

FOR THE WIRED CONTROLLER

Step 1. Connect the PS2 connector on the guitar to the controller port 1 or 2 of your Sony PlayStation 2 console and start the game.

FOR THE WIRELESS CONTROLLER

Step 1. Use the screwdriver that came with box to unscrew the screw to install 4 AA batteries on the guitar controller

Step 2. Connect the wireless receiver to the controller port 1 or 2 of your Sony PlayStation 2 console

Step 3. Turn on the guitar controller. The on/off button is located next to the start/select button on the side of the guitar.

Step 4. Turn the game on. Once both the console and the guitar controller is on, the AutoSense™ technology will automatically detect the presence of the guitar controller.

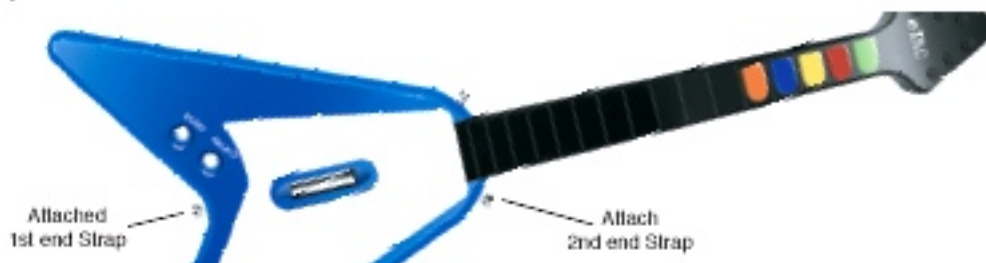

Step 5. When the LED on the wireless receiver stops blinking and turns solid, the controller and receiver are connected and ready for the game. Also, a blue light will be lit where the strum bar is located.

FOR THE V CONTROLLER STRAP

Step 1. Attach 1 end of the strap to the center holder.

Step 2. Attach the 2nd end of the strap to the bottom holder.

Step 3. See illustration

Please refer to the Guitar Hero manual for further instructions.
